

COVID-19 Protocol for Users of the Kanata Community Christian Reformed Church

1. Please make group members aware of COVID-19 Screening Checklists which are available online and are posted throughout the building. It is preferable to screen before arriving.
2. Please ensure members of your group maintain a 2-metre distance from others at all times.
3. Please ensure members of your group keep a mask on at all times over both mouth and nose.
4. Please DO NOT allow members of your group to eat or drink while in the building. If water is needed, lift the bottom of the mask, take a sip, and put it down.
5. Please obtain Proof of Vaccination Certificates (double dose + 2 weeks from 2nd vaccination) from all group members, or, alternatively ensure they provide a physician note of medical exemption from vaccination. Note:
 - a. There may be a 6-week implementation period for anyone unvaccinated. Vaccination can be booked within days, then 3-4 weeks later, then 2 weeks to be considered fully vaccinated.
 - b. Medical exemptions in Ontario may be granted for anaphylactic reaction as verified by an immunologist or where someone suffered myocarditis or pericarditis to a first dose.
6. Please obtain names and contact information from all group members for contact tracing purposes, or do attendance so you know who was present on which date.
